

Texas Commission on Environmental Quality

CERTIFICATE OF DELIVERY OF PUBLIC NOTICE TO CUSTOMERS: Issue Boil Water Notice

Public Water System (PWS) name: ZAPATA COUNTY WCID – Hwy 16 EAST

PWS ID: #2530023 Date of Incident/Violation: 12/01/25

Area Affected: ☐ Entire PWS ☒ Other Area: La Mota Station

Reason(s) issued: (indicate "X" all applicable circumstances; 30 TAC 290.46 (q))

- ☐ Low distribution pressures (<20psi)
- ☐ Water outage
- ☐ *E. coli* or fecal positive microbiological sample(s)
- ☒ Failure to maintain adequate chlorine residuals
- ☐ Elevated finished water turbidities (Surface Water Treatment Rule)
- ☐ Line Break
- ☐ Other: _____

30 TAC 290.46(q)(1) requires that your PWS make an adequate, good-faith effort to reach all consumers served by the system by appropriate methods (check all below that apply):

COMMUNITY WATER SYSTEM (perform one or more of the following):

- ☐ Furnish a copy of the Notice to radio and television stations serving the PWS service area
- ☐ Publish Notice in a local newspaper serving the PWS service area
- ☐ Direct delivery of Notice to customers
- ☐ Continuously post Notice in conspicuous places within affected PWS service area
- ☒ Electronic delivery or alert systems (e.g., reverse 911)

NONCOMMUNITY WATER SYSTEM (perform one or more of the following):

- ☐ Direct delivery of Notice to customers
- ☐ Continuously post Notice in conspicuous places within affected PWS service area
- ☒ Electronic delivery or alert systems (e.g., reverse 911)

In accordance with 30 TAC §290.122(g), all public water systems that are required to issue public notice to persons in accordance with 30 TAC §290.122, and that sell or otherwise provide drinking water to other public water systems (i.e., consecutive systems), shall provide public notice to the owner or operator of the consecutive systems.

☐ This PWS provides water to consecutive systems, and those systems have been provided public notice.

Notice to Consecutive Systems was delivered on: _____ (date)
by the following means: _____

Note: Please include a listing of consecutive systems notified in Comments or attach.
Comments: _____

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

NOTE: 30 TAC 290.46(q)(6)(F) requires the PWS to provide documentation to the Executive Director within 10 days.

Date of Delivery to Customers: 12/01/25 Phone: (956)765-9650

Boil Water Notification

Monday, December 1, 2025

Due to conditions which have occurred recently in the water system, the Texas Commission on Environmental Quality (TCEQ) has required the system to notify all customers to boil their water prior to consumption.

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and for making ice should be boiled and cooled prior to consumption. The water should be brought to a vigorous rolling boil and then boiled for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from some other suitable source. When it is no longer necessary to boil the water, the water system officials will notify you.

If you have questions regarding this matter, you may contact Juan F. "Johnny" Delgado at (956)765-9650 or (956)751-8180.

Aviso de Hervir Agua

Lunes, 01 de Diciembre de 2025

Debido a condiciones que han ocurrido recientemente en las tuberías de agua, la Comisión de Calidad Ambiental de Texas (TCEQ por sus siglas en Inglés) ha pedido a su sistema de aguas que avise a todos sus usuarios que hiervan el agua antes de que sea ingerida.

Con el propósito de eliminar toda bacteria y otros microbios perjudiciales a la salud, se les pide a los usuarios que hiervan el agua que se va a usar para tomar, cocinar y hacer hielo.

El agua debe hervirse a temperatura alta hasta que haga burbujas y luego continuar hirviéndola por dos minutos. En lugar de agua hervida, puede comprarse agua embotellada, o puede obtenerla de otra fuente.

Las autoridades de su sistema de aguas le avisarán cuando ya no sea necesario hervir el agua.

Si tiene preguntas al respecto, comuníquese con Juan F. "Johnny" Delgado al (956)765-9650 or (956)751-8180.
