

Boil Water Rescind Notice

On **September 23, 2025**, the Texas Commission on Environmental Quality (TCEQ) required our public water system **Zapata County Water Control and Improvement District Hwy 16 East**, PWS ID #**2530023** to issue a Boil Water Notice (BWN) to inform our customers that due to the presence of low chlorine residuals, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of **September 25, 2025**.

If you have questions, contact **Juan F. “Johnny” Delgado at 956-751-8180**.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
